Current Business:

Discuss City Web Page Content and Design

Mayor Marilyn Seward stated as a council we need to talk and discuss what we want put on the City Web Site. Seward also read a letter from Chuck Jopson. William Miller noted he felt the City of Mt. Shasta was a great site. Lori Fleck feels that we should look at all the Siskiyou County Cities to get a feel for what we want. Diana Callahan noted she wants the site to be user friendly and easy to navigate. Fleck felt that we need more information for the public rather than “fluff”. Seward noted she wanted to see about the history of the City. Seward asked Lance Banks to speak about what he would like to see from the public point of view. Banks is a local website builder. Banks feels that the site should be easy to navigate, with information about the City. The general consensus was to have the Minutes, Agendas, Reports, The General Plan, Zoning Maps and other general forms. The Recordings of our meetings will be up on the site for a time as well. This is just a discussion item only. No Action Taken.

Adjournment

There being no further business; the meeting was adjourned at 8:15 pm.

Respectfully Submitted,
